“ Ruby and Mr. Warnere were great people. They were the people that America the country it is today. I could share many stories with the family. Ruby worked for me in Respiratory Therapy at White County Hospital for many years. I could always count on Ruby to be at work, she did not miss work. All of the employee of the hospital love Ruby very much. Mr. Warner was great to he always help Ruby to get to work. I lost contact with Ruby I would love to seen her before she passed. I did not know she passed until today 03-28-12. I work every T. W. & T. Nights at ST. Vincent North Hospital in Sherwood. We all had lots of fun and good times at work. “ I worked with Ruby many years ago at White Co, Memorial Hospital. She was such an inspiration to all of us. We worked hard but we had lots of fun. One winter she broke her arm , and to get out to her truck ,she had to drive a tractor to get to her truck so she could make it to work down the hills to searcy to work..one day during that time ,with her arm in a sling and snow on the ground,we were sure she would't come to work as some young healthy ones in searcy had called in . and lo and behold in she walked , much to our surprise. Best I can remember, she was already 70 or more. Yes she was our inspiration. I wrote her a poem when she left and the whole dept. signed it /The poem was about who could ever fill her shoes and we were right, no one ever did. We love you Ruby.....look forward to seeing you again one day where there's no more pain ,sorrow or tears.....Arline Bright
